I have Sares Regis on board as soon as we can obtain information i.e. the talking points to send and the sooner the better. I will be working on SummerHill, Pulte, Mill Creek, Hannover, and Fairfield.

Dave Henderson of Samaritan Medical Group will be on board tomorrow. Please add him/them to the list.

When you say "on board", what does that mean to you?

Are you asking if they will put in money? Hard to ask with no talking points.

No. I'm trying to understand what they were told and what they agreed to be "in" for.  
It would be great to get all these folks to the JJJ meeting on 12/12 at 10am to inform them further.

Thanks for doing some outreach.

They committed to getting involved. Kind of hard to get a real commitment when we have no collateral materials and talk in vagaries. As far as JJJ, does someone have a flyer or blub on it? we need something to sell. By the way, is what they are proposing county wide since Chavez is involved?

Dave Henderson of Samaritan Medical Center (not the hospital) has been brought up to speed and realizes the significance of this labor driven initiative. He has offered to help with Don Rocha if needed.

He understands there are requests for funding coming, initially for polling and then for the campaign.

Matt, will there be an invitation coming for the 12/12 meeting you can invite Dave to?

Do you intend to invite all of our developer and contractor supporters to that meeting?

Hey Jim—

No, it's only a citywide measure, but there's plenty of reason to expect that if labor succeeds in San Jose, they'll expand to other cities as well.

Jim Reed and I will put together the draft of what Labor was proposing, and send that to the group — perhaps you can use that as your "collateral."

Thanks for your advocacy!
